The following presentation is being made only to, and is only directed at, persons to whom such presentations may lawfully be communicated ('relevant persons'). Any person who is not a relevant person should not act or rely on this presentation or any of its contents.

Information in the following presentation relating to the price at which relevant investments have been bought or sold in the past or the yield on such investments cannot be relied upon as a guide to the future performance of such investments. This presentation does not constitute an offering of securities or otherwise constitute an invitation or inducement to any person to underwrite, subscribe for or otherwise acquire securities in any company within the Group.

Promotional material used in this presentation that is based on pricing or service offering may no longer be applicable.

This presentation contains certain non-GAAP financial information which has not been reviewed or reported on by the Group's auditors. The Group's management believes these measures provide valuable additional information in understanding the performance of the Group or the Group's businesses because they provide measures used by the Group to assess performance. However, this additional information presented is not uniformly defined by all companies, including those in the Group's industry. Accordingly, it may not be comparable with similarly titled measures and disclosures by other companies. Additionally, although these measures are important in the management of the business, they should not be viewed in isolation or as replacements for or alternatives to, but rather as complementary to, the comparable GAAP measures. All growth rates quoted are year-on-year and refer to the year ended 31 March 2024 compared to the year ended 31 March 2023, unless stated otherwise.

This presentation also contains forward-looking statements which are subject to risks and uncertainties because they relate to future events. These forward-looking statements include, without limitation, statements in relation to the Group's projected financial results. Some of the factors which may cause actual results to differ from these forward-looking statements are discussed on slide 38 of this presentation.

Customers

Customers are based on the total number of mobile customers using any service during the last three months. This includes customers paying a monthly fee that entitles them to use the service even if they do not actually use the service and those customers who are active whilst roaming.

Data customers

Data customers are based on the number of unique users generating billable data traffic during the month. Also included are users on integrated tariff plans, or who have access to corporate APNs, and users who have been allocated a revenue generating data bundle during the month. A user is defined as being active if they are paying a contractual monthly fee for this service or have used the service during the reported month.

M-Pesa customers

M-Pesa customers are based on the number of unique users who have generated revenue related to M-Pesa during the last month.

ARPU

Total ARPU is calculated by dividing the sum of the customer and incoming revenue for the period by the average monthly active customers during the period.

EBITDA

Earnings before interest, taxation, depreciation and amortisation, impairment losses, profit/loss on disposal of investments, property, plant and equipment, and intangible assets, profit/loss from associate and joint venture, restructuring cost and BEE income/charge.

South Africa

Vodacom (Pty) Limited, a private limited liability company duly incorporated in accordance with the laws of South Africa and its subsidiaries, joint ventures and SPV's.

Egypt

Vodafone Egypt Telecommunications Co S.A.E, incorporated in Egypt, with its head office based in Cairo.

International business

International business comprises the segment information relating to operations in Tanzania, the Democratic Republic of Congo, Mozambique and Lesotho as well as the operations of Vodacom International Limited (Mauritius) and Vodacom Business Africa Group (Pty) Limited and its subsidiaries.

MOU

Minutes of use per month is calculated by dividing the average monthly minutes (traffic) during the period by the average monthly active customers during the period.

Normalised growth (*)

Normalised growth, which presents performance on a comparable basis. This adjusts for foreign currency fluctuation on a constant currency basis (using the current period as base) and excludes the impact of merger, acquisition and disposal activities at a constant currency basis where applicable, to show a like-for-like comparison of results.

Operating free cash flow

Cash generated from operations less additions to property, plant and equipment and intangible assets other than licence and spectrum payments and purchases of customer bases, net of proceeds on disposal of property, plant and equipment and intangible assets, other than license and spectrum payments and disposals of customer bases and movements in amounts due to M-Pesa account holders.

Free cash flow

Cash generated from operations less additions to property, plant and equipment and intangible assets, proceeds on disposal of property, plant and equipment and intangible assets, tax paid, net finance charges paid and net dividends received/paid and movements in amounts due to M-Pesa account holders.

Forward-looking statement

This presentation which sets out the interim results for Vodacom Group Limited for the year ended 31 March 2024 contains 'forward-looking statements', which have not been reviewed or reported on by the Group's auditors, with respect to the Group's financial condition, results of operations and businesses and certain of the Group's plans and objectives. In particular, such forward-looking statements include statements relating to: the Group's future performance; future capital expenditures, acquisitions, divestitures, expenses, revenues, financial conditions, dividend policy, and future prospects; business and management strategies relating to the expansion and growth of the Group; the effects of regulation of the Group's businesses by governments in the countries in which it operates; the Group's expectations as to the launch and roll out dates for products, services or technologies; expectations regarding the operating environment and market conditions; growth in customers and usage; and the rate of dividend growth by the Group.

Forward-looking statements are sometimes, but not always, identified by their use of a date in the future or such words as "will", "anticipates", "aims", "could", "may", "should", "expects", "believes", "intends", "plans" or "targets" (including in their negative form). By their nature, forward-looking statements are inherently predictive, speculative and involve risk and uncertainty because they relate to events and depend on circumstances that may or may not occur in the future. There are a number of factors that could cause actual results and developments to differ materially from those expressed or implied by these forward-looking statements.

These factors include, but are not limited to, the following: changes in economic or political conditions in markets served by operations of the Group; greater than anticipated competitive activity; higher than expected costs or capital expenditures; slower than expected customer growth and reduced customer retention; changes in the spending patterns of new and existing customers; the Group's ability to expand its spectrum position or renew or obtain necessary licences; the Group's ability to achieve cost savings; the Group's ability to execute its strategy in fibre deployment, network expansion, new product and service roll-outs, mobile data, Enterprise and broadband; changes in foreign exchange rates, as well as changes in interest rates; the Group's ability to realise benefits from entering into partnerships or joint ventures and entering into service franchising and brand licensing; unfavourable consequences to the Group of making and integrating acquisitions or disposals; changes to the regulatory framework in which the Group operates; the impact of legal or other proceedings; loss of suppliers or disruption of supply chains; developments in the Group's financial condition, earnings and distributable funds and other factors that the Board takes into account when determining levels of dividends; the Group's ability to satisfy working capital and other requirements; changes in statutory tax rates or profit mix; and/or changes in tax legislation or final resolution of open tax issues.

All subsequent oral or written forward-looking statements attributable to the Group or any member thereof or any persons acting on their behalf are expressly qualified in their entirety by the cautionary statements above and below. Vodacom expressly disclaims any liability in respect of the content of any forward looking statement and also expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statements contained herein or to reflect any change in their expectations with regard thereto or any change in events, conditions or circumstances on which any such forward-looking statement is based.
